Re: Letter of Recommendation

For: Rachael Senes, Sales Manager, Fox Valley Filter

To Whom It May Concern:

As a manager in the commercial property management industry, we have a lot of choices when it comes to purchasing filters for our buildings. Our criteria are quality, service, and cost. Most supplies can be competitive on quality and cost, but few can offer the service we receive from Rachael and Fox Valley. Her commitment to customer service is second to none. For this reason, many of our properties are now purchasing their filters with Rachael. I sincerely recommend Rachael Senes and Fox Valley for all your filter needs.

Sincerely,

**Pete Miceli, LEED AP**
