Mr. Randal Winter
Randal G. Winter Construction & Painting
25570 Rye Canyon Road Unit F
Valencia, CA 91355

Mr. Winter:

Your efforts in completing the built out in our Valencia facility far exceeded expectations. It gives me hope that someone's word still means something. Not only were your people on time, neat, and personable, but they also put up with our all our changes.

We hope you will consider doing the build out on our Orange County facility this fall. The job will be four to five times larger than the Valencia sight. Our interior area alone will be 45,000 square feet with approximately a third being repair area. It may be a little further than you prefer, but we would be lost without your great service (and price, but who cares about money?).

Again, thank you. Please let us know about Orange County.

Sincerely,

William Huxford
