To Whom it may concern:

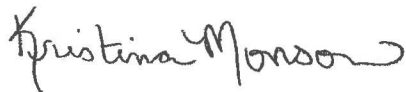

I am writing this testimonial recommend the cost reduction services provided by James Medawar and his team at Schooley Mitchell.

Office Evolution provides a modern, professional co-working office space, conference rooms, mailboxes, and front desk hospitality that takes the solopreneur to the next level in their business.

We engaged Schooley Mitchell to do a review of our expenses and to see if they could find savings for our business. To our surprise, James presented a value report that showed how we can save over 40% on our telecom expenses.

I recommend Schooley Mitchell to any business looking to save time and money on their business expenses. We spent very little time with them to provide the information they needed to do their work and we were given regular status reports where we always knew where they were in the process. That small investment of my time was well worth the value of the detailed analysis they perform and savings that go straight back to my business.

Sincerely,
