To Whom It May Concern:

Our Company recently had the opportunity to work with Ken Schwertner of Schooley Mitchell. He was able to save our company in excess of 25% on our wireless and local services. He handled the process in a professional manner and presented his findings in a concise and understandable format for our evaluation. He has become a part of our team in the communications area with future reviews to assure our company getting the best rates based on our use & requirements.

Ken's ability to analyze our services with a focus on our specific business needs has made Schooley Mitchell an invaluable partner for Beco Inc. and I recommend his services highly to any company looking to improve their business communications and profitability.
