To whom it may concern:

We were introduced to Schooley Mitchell through the Ontario Trucking Association as they are Commercial members.

Neil came out to meet with us in person as he was meeting with some other clients in the Thunder Bay area. After explaining that the audit is provided on contingency we decided to move forward to see what kind of savings Schooley Mitchell could deliver. McKevitt Trucking has multiple terminals across Northern and Southern Ontario so bringing in an outside firm to optimize our various Telecom accounts was very appealing. We assisted Neil and his team to collect account numbers/bills and Schooley Mitchell looked after the rest.

After the review of our bills, we were happy to see savings of 20% across our various Telecom accounts.

I was exceptionally pleased with both the savings that were provided and the ongoing service that I've been getting. I just had an annual review meeting with my TBayTel rep and he was remarking on how clean our billing was, he couldn't find anything that he could help us with!

We would highly recommend Schooley Mitchell to any OTA member looking to save money and time on Telecom.
