RE: Goldsboro High School

To Whom it May Concern,

Primus Contracting, Inc. has enjoyed working with Doyle Dickerson Terrazzo Installation Company on the recently completed project in North Carolina.

We would like to thank Concord Terrazzo Company for supplying TERRAZZCO® Brand Products that were used at Goldsboro High School. This American made, high quality resin system looks great on the floor and shows pride in what they do. It was very important to us to have all work performed as scheduled and it was accomplished due to all materials coming from one central source.

We highly recommend both the installer Doyle Dickerson Terrazzo, Inc. and their supplier Concord Terrazzo Company for providing TERRAZZCO® Brand Products. Their quality and professionalism was superb throughout the course of the entire project. We certainly would like the opportunity to award our next terrazzo project to them.

Regards,

David Thompson
