Re: Intranet Communications Group, Inc.

Intranet Communications Group, Inc. has been prequalified by Westchester Fire Insurance Company who will provide consideration for single contracts up to \$2,000,000 and aggregate bonded liability of \$5,000,000. Consideration for higher limits will be underwritten on a case by case basis. Westchester Fire Insurance Company is an A+ rated surety through AM Best and is listed in the Federal Register.

As you are well aware, formal approval of any and all bonds would also be conditioned upon applicable underwriting considerations such as acceptable contract terms, review of bond forms and a favorable review and compliance with current underwriting information and requirements at the time of the requests for bonds.

This letter of recommendation is not a bid or performance bond nor assumption of liability. Future bonds will be considered subject to favorable underwriting conditions including mutually acceptable contract terms. Should further information be needed, please feel free to contact me.

Regards,

A handwritten signature in black ink that reads "Dennis B. Wills". The signature is written in a cursive, flowing style.
