1975 Rockdale Road
Slatington, PA 18080

Dear Mark:

On behalf of the Building Committee, the Joint Board of Elders and Trustees, and the entire Palmer Township Moravian Church, I would like to express our gratitude and appreciation for the beautiful building addition you constructed for us which was dedicated on September 9, 2001. From the first time we met, when we were interviewing prospective companies, we were impressed with your professionalism, thoroughness, and integrity. That impression remained intact throughout the construction of our addition.

We appreciated your working around our church schedule and your concern for the safety and well-being of the children in our Nursery School. I can't speak highly enough about the manner in which Jim Dougherty guided the day to day construction as our Project Manager. Although he works for you, Jim looked out for our interests with sub-contractors, and even added items to the punch list which our committee did not see.

Although a variety of circumstances caused the project to take a bit longer than originally anticipated, we never felt we were being forgotten; and when a sub-contractor was unable to complete the job, you had your men take over.

We also appreciated the working relationship our Building Committee had with you. The Construction Meetings included some good-natured bantering with Don Conover always asking what "credit" we would be receiving from you. Perhaps the best compliment I can give you is that the "knowledgeable" members of our committee and congregation were very pleased with the work you did for us and the manner in which it was done.

I would certainly be pleased to recommend Miller, Miller & McLachlan Construction, Inc. to anyone considering a building project. Thank you again for the work you did to build our addition in order that we might expand our ministry.

Sincerely yours,

Douglas H. Kleintop
Pastor
