RE: Letter of Recommendation for Construction Developers, Inc.

To whom it may concern:

As Assistant Vice President Service Manager of Citizens Business Bank Fresno Center, I have been very favorably impressed with the work performed for our corporation by CDI construction.

In March of 2003 CDI remodeled our entire building in a record time of four months and have come within their budget which is highly unusual in the construction field.

The quality of work has been outstanding, and we plan on using them in the future as we grow for all our Centers needs. I highly recommend CDI to any organization looking for the best in construction management services.

Very truly yours,

SHARON D. OLSON
ASSISTANT VICE PRESIDENT
SERVICE MANAGER
