To Whom it may Concern:

Together with Turner Construction, M&P Reynolds has completed iconic projects throughout the last decade including notable structures such as Akoya, Sonesta Hotel, Ocean 6, and several projects at the FIU and FAU campuses. M&P Reynolds has just successfully completed a complex paint & waterproofing contract on a new 7-story parking garage at Florida International University. Waterproofing requirements of the project included expansion joints, traffic coatings, clear sealers and precast horizontal & vertical sealants. In addition, M&P Reynolds also completed the multi-colored, detailed exterior paint job.

M&P Reynolds has earned my full support and recommendation because the company quickly and efficiently resolves scheduling or other conflicts which arise through the natural course of a construction project and professional, skilled tradesmen can be counted on to deliver quality workmanship. Please call my cell phone if you have any questions related to M&P Reynolds: 786-897-8571.

Sincerely,
