

SIKON

CONSTRUCTION COMPANY, LLC

To Whom it may Concern:

M&P Reynolds has worked with SIKON Construction Company on many outstanding retail projects including several Publix and Winn Dixie facilities, and large multi-tenant retail locations.

Most recently, M&P Reynolds completed the 550,000-square-foot Promenade at Coconut Creek. The Promenade consists of 250,000 square-feet of retail space, 50,000 square-feet of office space and two 3-story parking garages totaling an additional 250,000 square feet. The project was awarded LEED-Silver certification for numerous environmentally sustainable design features including special materials and systems to enhance energy efficiency and reduce operating costs.

M&P Reynolds exceeded our expectations for performance, supervision and attention to detail. I recommend M&P Reynolds for your painting and wall-covering needs. Feel free to contact me at if you have any questions about M&P Reynolds.

Sincerely,
SIKON Construction Company, LLC

Ed McWhorter
President and Director of Business Strategies
