Air Force Inn, Wright-Patterson AFB, Dayton, OH

Miracle Method...
Sole Source Vendor for Air Force Inns

▲ Damaged tile walls, floors and showers were returned to like-new condition – for a fraction of the cost and time compared to replacement.

About Air Force Inns

Air Force Lodging operates 89 Air Force Inns with 27,000 hotel rooms for military personnel worldwide. Cuts in military budgets have made maintaining these rooms to the highest standard a challenge. Traditional removal and replacement remodeling would bust the budget. After learning about Miracle Method's surface refinishing process and having a sample room done to prove durability, Air Force Lodging named Miracle Method a Sole Source Vendor for Air Force Inns.

The Problem

Wall and floor tile in 111 rooms was moldy, discolored, and had missing grout. Although in desperate need of an update to address these issues, replacement costs would require multiple-year budget expenditures.

The Miracle Method Solution

Miracle Method determined that while old, the tile was sound and an excellent candidate for refinishing. Working around carpet and painting trades, a work schedule was set that would complete the 111-room project in just five months.

The Process

Repairs to grout and tile were made and Miracle Method then used its two-step cleaning process to remove dirt, soap scum and body oil before applying MM-4 to assure a permanent bond with the new coatings. Miracle Method's Natural Accents® stone look finishes were used on the floors and walls, then clear coated for durability and water resistance.

The Results

Miracle Method completed the project on time and on budget. Impressed with the results, Air Force Lodging awarded Miracle Method a contract to update the Air Force Inn at Hanscom AFB, MA, and has projects planned at Air Force Inns in North Carolina, Louisiana, Oklahoma, Arkansas, North Dakota and Alabama.
