Miracle Method Expedites Turnaround Time for New Residents

BEFORE

BEFORE

AFTER

AFTER

▲ Miracle Method provides quality bathroom and kitchen surface solutions to multiple Brookdale Senior Living properties in Colorado and around the country

The Community

The Meridian is a Brookdale senior living community in Englewood, Colorado.

The Problem

With a waiting list for new residents, the Meridian has a unit turnaround goal of just seven days in which to paint, install new carpet, and update kitchen and bathroom surfaces. Ordering and installing new kitchen countertops and bathroom vanities would exceed their seven day goal. A DIY countertop “refinish” to speed the process had been tried but proven unsatisfactory. Brookdale’s Meridian management reached out to Miracle Method for help.

The Miracle Method Solution

Miracle Method assessed the situation and determined their Natural Accents® stone look finish would improve the DIY look of the kitchen and bathroom surfaces meaning the Meridian would not have to replace the existing vanities and countertops. The work would be completed in two days, helping the Meridian meet its UTA goal.

The Process

Miracle Method technicians stripped the faux finish, filled the seams, and repaired knife marks and chips. They then applied the company’s proprietary MM-4 bonding agent followed by a tinted primer. This created a foundation for the beautiful, new Natural Accents® stone look finish and clear coat.

The Results

Miracle Method’s process gave the countertops and vanities an affordable, updated, solid surface look. The two-day process eliminated the time and expense required for ordering and installing new counter and vanity tops. The refinished surfaces have been well received by Meridian staff and residents, are easier to clean, and show well to potential residents and their families. The Meridian regularly calls on Miracle Method to refinish their bathtubs, countertops, vanities, showers, tile walls and floors.
