To Whom It May Concern,

Recently SSR has worked closely with Tappouni Mechanical Services on a large arena renovation project with multiple bid packages and very close time constraints. SSR and Tappouni Mechanical were part of the design/construction team that also included other engineers, contractors, architects and the owner's construction design team as well. Ideas and solutions presented by Mike and his staff were always positive and beneficial to the delivery of the design, budgets and construction schedule.

We feel very comfortable recommending Tappouni Mechanical for any size project and sincerely hope that we may have the opportunity to work with them again in the near future.

Sincerely,

Mike Griffin
Senior Project Manager
Smith Seckman Reid, Inc.
