To whom it may concern:

For the past several months, on our project at MacDill AFB, FL, we at Sauer, Inc. have had the pleasure of working with the staff at Tappouni Mechanical. Throughout the duration of the MCSS/Furniture Store/Class VI Renovation project, they provided excellent service from their estimating, management, and field personnel. The quality of their work was exceptional, and they performed it safely and efficiently, with no schedule impacts. In addition, we received zero unsolicited change orders, which was extremely beneficial to the profits and success of the project. This is reflective of a company that knows their trade very well. For these reasons, Sauer, Inc. would eagerly take the opportunity to use Tappouni Mechanical on future projects, and I would highly recommend their services to other general contractors, companies, and agencies seeking a qualified and professional mechanical contractor.

Sincerely,

A handwritten signature in black ink, appearing to read "Colin Williams", with a stylized flourish at the end.
