

I have had the privilege of working with Chris Edward of MDG on the Wal*Mart Neighborhood Market in Fishers, Indiana. Chris has displayed the characteristics that define strong and confident leadership. MDG and Chris held high the safety of his workers and the public during the project. This speaks volumes for their integrity and his personality.

Chris's knowledge of the plans and specs and schedule, and his ability to adapt and overcome all problems as they arise, he possesses the skills to run an effective project. His attention to detail and understanding of a Wal*Mart allows us to maintain the overall schedule.

Overall working with Chris and MDG has been a pleasure I would not hesitate to work with them on any projects in the future should that opportunity arise. Chris is one reason MDG Enterprises is a valued subcontractor.
