Re: Hoosier Pride Egg Farm

To Whom It May Concern:

It is without reservation that I can endorse H. A. Dorsten, Inc. for this award. Building the egg farm was challenge in itself, due to the unique design of the buildings, yet H. A. Dorsten showed an uncanny ability to adapt to these challenges and create a final project beyond our expectations. We really appreciate the willingness to go above and beyond in working with us to get this project completed in a timely manner.

In today's society, when some businesses are losing this ability to listen to a client, H. A. Dorsten sets the standard for others to follow. We would not hesitate to use H. A. Dorsten for any future building projects. H. A. Dorsten would be a natural choice for your award and be a model representative for future contractors to follow.

Sincerely,

Keith Boeckman
