RE: Letter of Recommendation

April 13, 1995

We at Capri Homes, Corp. have been in business with A.R.O. Inc. for the past few years and have had nothing but good relations with them and their products and services.

We highly recommend their purchasing of imported stones and their stone honing and refinishing. All their work for us has been excellent, especially their finished product at a grand estate in Windermere Florida.

We at Capri Homes, Corp. feel strongly about this company's professionalism and fine line of products and job performance.

Any further questions feel free to call our offices.

Mario Panto
President.
