Re: Bonding

To Whom It May Concern,

The Service Insurance Company, Inc. provides surety bonds for our valued client, Carmela Scaffidi and Sons Blacktopping, Inc., and consider them highly qualified and in good standing. The Service Insurance Company, Inc. is an A- rating and US Treasury approved surety.

We have established a bonding program of \$1,000,000.00 single / \$1,500,000.00 aggregate.

Any request for Final Performance & Payment Bonds on the project would be subject to normal underwriting considerations at the time the request is made.

We reserve the right to review the terms and conditions of the Contract and verification of the construction financing prior to the issuance of any bonds. This is valid for 60 days and maybe extended upon request.

Very truly yours,

James Burger
President
