We hired Clay Carson from Act One Marble to refinish our marble floor and work on our marble show. My husband had installed them both and put a lot of work into making them look beautiful, so we wanted to keep them looking good.

Clay came in at a reasonable rate and did an excellent job. He explained ahead of time what he could do so we felt comfortable with the process. The marble now looks outstanding and the job was done in the time frame he said, with no surprises in the budget.

We appreciate his work and can recommend him to others.

Sincerely,
