Hi Mr. Les

**Below is my testimonial for your services. This writing what I truly believe.  
God bless you and wish your great prosperity.**

Lesron Surety Insurance Inc. has been my surety bond agency since 1993. Now it is 25 years. I do remember vividly when I stepped onto his office door step in 1993 after I received many No's for my first bid bond request for my first prime contract work from the Navy. (ECIP Aircraft Hangar at Naval base Coronado). There has been "ups and downs" as a construction contractor and throughout it all he encouraged me when I was down.

Mr. Les underwrote my 5 year \$ 30 million, IDIQ Mechanical MACC (Multi Award Construction Contract) from the Navy which was finished in 2012. Mr. Les Mantle has remained as our best team and friend to date. We have been blessed by his professionalism, and knowledge of ins and outs of the surety business. We are really appreciative of his services, and support.

Thank you, Mr. Les!
