Winter Park, FL 32789

Dear Nathan:

Thanks for Polished Concrete Floors' help in completing the Artegon Renovation project. Although it was a very difficult renovation project with many revisions during construction your personnel were very helpful in completing the project on time. They were always very professional in their approach to solving problems and were truly team players. Your company was a key player in satisfying the Owner's shifting requirements on this large project. I thoroughly enjoyed working with your professional staff assigned to the project.

As with any project of this size and scope there were many challenges to overcome and you were always willing to help us resolve the issues and find a way for all trades to work together. Please pass along my sincere thanks to your team for a job well done, and I look forward to future opportunities for us to work together. Please do not hesitate to use me a reference.

Sincerely,
Aagaard-Juergensen, LLC
