RE: City Beautiful Landscaping, Inc.
Letter of Recommendation

To Whom It May Concern:

I am pleased to recommend City Beautiful Landscaping to you as an outstanding Landscape Contractor. We have had the pleasure to work with Rusty Woodall and his company for well over ten years. He and his company are trusted, reliable, and never fail to work with the highest standards possible each and every time.

We have worked with City Beautiful on some very large and complicated projects. They take obvious pride in their workmanship, knowledge, and relationships. I can honestly say they are far above most other contractors in their field.

I would not hesitate to hire, or recommend to hire, City Beautiful for any landscaping job. Feel free to contact me should you need any additional information or comments.

Sincerely,

W. Scott Redmon, ASLA
Landscape Architect
