Subject: Recommendation for City Beautiful Landscaping

I had the pleasure of working with City Beautiful Landscaping at a property called Carriage Pointe in Winter Garden, Fl. When I was ask if I could give them a letter I did not hesitate. I am more than happy to do it.

City Beautiful always completed the task they were asked to do. Any time I called them about any concern the responded quickly to resolve the issue. The property always looked nice.

I will not hesitate to give them every opportunity to quote any projects I have that come up. Please feel free to call me if you have any questions.
