Dear Rusty:

I wanted to take a moment to thank you and your company for the outstanding work that you have done for us over the past few years.

I was very impressed with your performance and quality on the new GAI Office Building. You were as consistent in your performance on that commercial job as you have been with me on residential projects. Your responsiveness when I have called or recommended you to a client gives me the confidence to call you again when I need a go-to landscape contractor.

"It is hard to find a quality landscape contractor who cares for their client as much as the quality of the execution of their work. City Beautiful always steps up to the task."

Please express my thanks to your team for their hard work and expertly executed landscape installation.

Keep up the good work and I look forward to working with you on future projects.

Sincerely,
