Mr. Rusty Woodall
President
City Beautiful Landscaping
4801 Patch Road
Orlando, FL 32822

Dear Rusty:

My wife and I want you to know how pleased we are with the garden City Beautiful Landscaping installed at our Winter Park home earlier this month.

You and your staff took our landscape designer's vision and brought it to life in the small space of our courtyard more vividly than we could have imagined.

As much as the final result, we enjoyed the process. You brought the project to completion on time and on budget, yet allowed the installation to evolve, making thoughtful-last-minute changes inspired not only by our designer, but also by your own staff.

It's worth noting that every member of your staff was professional and polite at each stage of the installation. We enjoyed having them at our home.

Anne and I now have a garden, filled with healthy, Florida-friendly foliage, an ear-pleasing fountain and magical night-time lighting that we know will bring us years of pleasure.

We could not have asked for more, and we would recommend City Beautiful Landscaping to anyone.

Best regards,

KING FEATURES
