

Testimonials:

Alain Hirsch Construction

We were very pleased with our experience with Raider Painting and the work they did on our Intumescent/fireproofing project in Beverly Hills. The project manager was knowledgeable and delivered the results as promised. The onsite crew were clean and effective on the jobsite. We were completely satisfied with our experience and look forward to working with your company again.

Project Manager

The Wilshire Comstock

Fourteen years ago I hired Raider Painting to perform the difficult job of waterproofing the exterior of our twin 22-story high rise buildings. It was our experience that their work could not have been better. We were more than pleased.

When our Board of Directors chose Raider to perform the elastomeric waterproofing last year, I knew their choice was right, once again. The job was done on time, on budget and we were extremely pleased with the finished product.

Raider Painting will continue to be our first choice when selecting a painting contractor.

Westfield Corporation

I wanted to drop you a note regarding our recently completed project at Westfield Main Place Santa Ana. It was a pleasure working with Raider Painting on Westfield Santa Ana Remodeling Project. Your team, from project managers to on-site painters, was extremely knowledgeable and experienced. Their ability to mobilize crews was impressive. They managed to excel and meet our short schedule. Your dedication to the success of this project was evident in every aspect. I like to thank you and your team for your professionalism. I will be highly recommending you for our future projects in our Westfield portfolio.

Paseo Colorado Mall

Since I have been a GM of a mall, I have had the opportunity to work with Raider Painting on three large projects totaling approximately \$1.5 million dollars worth of work. During these three projects, Raider Painting delivered a superior product and service level from start to finish. The estimation process was quick and efficient with the price matching exactly the scope of work with no change orders late in the game. The crews I have worked with were all professional and all of them understood the level of respect needed to work at a mall with customers present at all times. They are very creative in their thought process and with this creativity; they are able to meet the project timeline efficiently. I would recommend Raider Painting to any of my constituents and plan to use Raider Painting for all my future needs.

CB Richard Ellis

Raider Paining and Coating is our preferred vendor as they consistently demonstrate superior performance, pricing and professionalism. Their industry and product knowledge are second to none and their ability to act as a consultant/partner on projects is a great value add. RPC offers the most competitive bids, yet consistently provide the highest degree of service. They deliver the same great level of professionalism on every job, regardless of size or scope, while their flexibility and openness to adjusting on the fly makes them a delight to work with.

Raider Paining and Coating have my highest recommendation!

Erik Johnson
Commercial Property Manager

On Top Construction

Raider Painting has always been very helpful and quick on all estimates and jobs they have performed for On Top Construction. Raider Painting has gone out of their way to accommodate our clients schedule and I have had nothing but good comments concerning their professionalism and quality of work. I have recommended Raider Painting to my clients like JCP, Gallant Construction and Best Buy. The reason I can do this is because of the trust I have with them and I know they will treat their customers fairly and respectfully

Project Manager

Bodycote

Just wanted to let you know that your team did a super job for us! The guys were a NO-NONSENSE team and did a super job cleaning up every day. I'm not sure how they pulled it off but they got it done in 1 week. SUPER JOB! If we need another paint job....we would certainly consider your team as first on the list. I would recommend your team without reservation. Thanks again for working with us. Have a super week!

Operations Manager

United Rentals

Raider Painting's team is awesome to deal with. It has truly been a pleasure to work with them on several projects. Every aspect goes off smoothly without a hitch and they are always on top of their projects from beginning to end. The high degree of professionalism that Raider Painting displays is something to be admired

W. Benjamin Bradshaw
Territory Manager

Carboline

It is always a pleasure to work with Raider Painting. They put the customer first. Their expertise and workmanship with specialized coatings is excellent. I highly recommend Raider Painting.

Construction Solutions

For the past 18 years I have had the pleasure of working with Raider Painting on projects around the country and they are always completed with the same level of professionalism, expediency, and cost effectiveness. The estimating staff has always been quick to respond, complete in scope, and understanding of time and cost constraints. Once contracted, Raider project management staff have taken personal responsibility for their part of a project; so much so, that often I have not needed Supervision over their work. Raider staff knowledge of painting and coating materials is unmatched, and I have used their expertise in some cases to write specifications for Design Build work.

In all the hundreds of projects Raider has done for me over the years, there has never been a project that had quality issues, gone over budget, or been completed late.

Frank Dickinson
LEED AP / Project Manager

Glidden Professional

I have been working as a paint representative for over 35 years and have been introduced to many painting companies. Only a few have stood out over the years as truly professional. Raider Painting is one of those all-encompassing companies, with an incredible capability of eloquently managing their clients, employees and vendors. I am proud to be working with such a wonderful group of knowledgeable professionals that complement my abilities to serve alongside in our mutually beneficial ventures.

Eddie Washington
Spoke Manager

Fraze Paints

Raider Painting has been a customer of Frazee Paint since 1994. They take great pride in their performance and seek to achieve a high level of customer satisfaction with every project. Most recently, Raider Painting used Frazee Paint products for The Wilshire Comstock, a twin 22-story high rise in Los Angeles, CA. The project included a complete exterior elastomeric coating, extensive surface prep and extensive swing stage for complete access.

We have used Raider Painting Company on several occasions, to great success. A recent project was the replacement of an elastomeric floor of the valet area of a retail and office complex in Beverly Hills. Although this was a challenging project, Raider Painting's project managers were very easy to work with and alleviated our concerns at every step. The project was completed on time and within budget. We now have a valet area that is suitable for high-end retail and office visitors in Beverly Hills.

Neogard

I have had the privilege to work with Raider Painting on a few coating projects recently. One being the roof deck at 400 Beverly Blvd., Beverly Hills and the second being the parking structure at Rodeo Drive. Both of these projects were completed per the specification with the utmost in professionalism and quality. Each time I visited the jobsites, it was easy to communicate with the foreman and they were very open to comments and recommendations I made. From the office to the workforce you can expect the highest quality and professionalism.
