Classification Name	Description
ASBESTOS REMOVAL	The removal and disposal of asbestos previously incorporated into a building, which may include encapsulation. To prequalify for Asbestos Removal, you must have an Asbestos Contractor License through the State of Connecticut Department of Public Health.

This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.

Company Licenses/Registrations: It is the Contractor's responsibility to update their license information by editing their electronic application. Licenses are confirmed by the Department of Administrative Services (DAS) at the time of initial application and at each renewal.

For information regarding the DAS Contractor Prequalification Program visit <http://das.ct.gov/cr1.aspx?page=10> or call (860) 713-5280.

DEMOLITION	Work customarily performed by a building wrecking contractor including the razing of buildings or parts of buildings major guttering of buildings or removal of structural elements of a building. The removal of partitions, flooring, windows, etc., incidental to a renovation or remodeling project is NOT within this category. . To prequalify for Demolition, you must have a Demolition Contractor Certificate of Registration through the State of Connecticut Department of Administrative Services - Office of the State Fire Marshal.
LEAD ABATEMENT	The undertaking of lead abatement projects involving one or more of the following: scraping and/or chemical stripping of lead paint; encapsulation and covering of lead contaminated surfaces; or removal and replacement of windows, woodwork or other contaminated surfaces. jQuery1276624807765="376">To prequalify for Lead Abatement, you must have a Lead Contractor License through the State of Connecticut Department of Public Health.</B jQuery1276624807765="377">
GENERAL TRADES	The undertaking of general contracts for the construction and/or supervision of several sub-trades but not the construction of buildings as described in General Building Construction. The contract must include a variety of construction practices and supervision of a minimum of three sub-trades. The work of this category is intended for the interior finishes of a building.

This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.

Company Licenses/Registrations: It is the Contractor's responsibility to update their license information by editing their electronic application. Licenses are confirmed by the Department of Administrative Services (DAS) at the time of initial application and at each renewal.
