Letter of Recommendation

We at the Portsmouth Abbey would like to thank you and commend Atlantic Abatement for a job well done.

Your professionalism and eye for detail was greatly appreciated. Your expedient efforts did not go unnoticed. Your ability to adjust to changes that occur in every project without any additional cost along with your competitive pricing has been instrumental in making this project a success on every level.

We are particularly impressed that you were able to save the trees that abutted the building on all sides as well as the one in the center courtyard during the demolition of the building.

We are looking forward to working with Atlantic in the future.

Sincerely,
