To Whom it May Concern,  
I'm the property manager/Prudential Lyons Realtor and owner of TD Property Management and recently had the opportunity to work with Atlantic Abatement & Construction Co.

When I called to inquire about an emergency asbestos abatement I spoke with the owner himself, Steve Ouellette who was very professional and courteous. It was essential that I find a company willing to come out to my property ASAP to avoid tenant inconvenience and work closely with DEP to remove and safely dispose of asbestos shingles.

The company owner Steve Ouelette came out to the property that afternoon to assess the asbestos removal and give me a price for the job. They cleaned up the property the next day and worked closely with Ed Burke of DEP who was very satisfied with the asbestos removal and gave us a clean bill of health.

The price we were quoted was competitive and nothing "extra" was tacked on to the final bill which was the same amount I was quoted when he assessed the clean up at his initial visit.

I would **highly recommend** this company as they are professional, work within state DEP guidelines and are competitively priced. They also care about their clients and are willing to go the extra mile if need be. The customer is truly #1 in this business.

Thank you,  
Toni DiLorenzo
