Philadelphia, PA

To Whom It May Concern:

The Historic Roofing Company has completed several repair or replacement projects on historic buildings for the MNPPC.

The projects include the replacement of the entire roof with structural repairs to the Adelphi Mill Miller's Cottage. The cottage dates from the 1790's. Historic Roofing replaced this cedar shake roof to very high standards of detail and workmanship.

Historic Roofing has also completed repairs to many of MNCPPC's Historic Register buildings. Some of the repair projects include:

Slate and copper gutter repairs at Montpelier Mansion, ca. 1783, Laurel, MD.

Standing seam roof replacement at the Mt. Calvert Mansion, ca. 1790. Croom, MD.

Cedar shake repairs to the Calvert Mansion, ca. 1801, Riverdale, MD.

We have nothing but praise for the quality of workmanship and commitment to detail that exemplifies The Historic Roofing Company's work.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Gleeson". The signature is fluid and cursive, written over a horizontal line.
