PLASTIC LAMINATED DOORS

Wood Doors laminated with Formica or
Wilson - Art (2 sides or 4 sides)

Low Maintenance

Doors surfaced with plastic laminate are built to withstand heavy day-to-day wear of high traffic areas. Locations such as hallways, lobbies, classrooms, auditoriums and offices demand the durability. Our doors are guaranteed never to need refinishing. The only 'tools' needed to preserve their beauty, over the lifetime of a building, are soap and water.
