Dear Roger,

Thank you for such an excellent job to widen our driveway, your colleagues Tony, Mel and Patrick are very proud of their workmanship, taking extra time to be sure everything is perfect. They are extra respectful of our grieving families, stopping work, equipment and removing their hats when ever services were in their view, everyone was very impressed how considerate they are.

In conclusion I thank you Roger, for collecting such professional talent and for making the time to visit the project so often, aiding your colleagues to envision this flawless project.

S & R you are the best!

Very Truly

John L. McDonough
