Miami, FL 33054

Dear Joann:

Congratulations on your membership in the South Florida Air Conditioning Contractors Association (SFACA). The Board of Directors has approved your application as a contractor member effective February 1, 2015. Enclosed you will find your membership certificate.

Because keeping our members informed of SFACA and other industry news is one of our priorities, we have added you to our list to receive SFACA E-Newsletters and regular meeting and event notices. And, as a contractor member of SFACA, you are also automatically a member of the Florida Refrigeration and Air Conditioning Contractors Association (FRACCA). You should also be receiving the "HVAC Insider" that monthly publishes FRACCA news.

Besides keeping our members informed of industry news, SFACA focuses on legislative, code, and workforce issues that affect our members. Updates and alerts will come to you throughout the year that will help you track changes that could affect your business. It is through the strength of our members and the guidance of our lobbyist in Tallahassee that SFACA is able to make beneficial changes to the state laws that regulate the HVAC industry and have a voice in other important issues.

Welcome to SFACA and thank you for joining us in promoting the interests of contractors who are engaged in the industry of heating, ventilation, air conditioning and refrigeration in the State of Florida and in the Miami-Dade and Broward Counties.

We at South Florida ACA headquarters are here to assist you at any time on matters relative to your membership. Whenever you might have a question or concern, please do not hesitate to contact any Board member, shown at left, at any time or us. Again, we are delighted to have you with us. We wish you a productive, profitable membership in the years ahead.

Sincerely,

Cheryl Harris
Executive Director

Enc.
