To Whom It May Concern;

It gives me great pleasure to recommend Master Mechanical Services, Inc to you regarding any mechanical/HVAC construction, repair, service or maintenance. Having worked on several million square feet of office, retail and industrial properties over the past 25 years and thereby having to work with several mechanical contractors, I have found Master Mechanical Services, Inc. consistently setting the standard for others to follow. Whether it is a small office remodel, multi-story facility or intensive open premises re-model, I believe you will find Master Mechanical Services to be responsive, thorough and competitive in pricing. Quite frankly, Master Mechanical Services has made my job easier by being able to finish jobs on time and on budget.

I highly recommend Master Mechanical Services' to all of our existing clients and I suggest that you seriously consider using Master Mechanical Services for your next project. Please feel free to contact me at 305-5274-0935 Mobile or at 305-576-9909 Office should you have any questions or need further information regarding Master Mechanical Services, Inc.

Sincerely,

Tim Funke
Director of Construction
