LETTER OF RECOMMENDATION

Thursday, May 22, 2014

To Whom it May Concern,

We have had the pleasure of working with Master Mechanical Services, Inc throughout two upscale retail space renovations in the South Florida area. Both projects were completed within budget and within an aggressive construction schedule.

From the first day on both projects Master Mechanical Services, Inc has exceeded expectations. They have had to work very closely with the entire construction team in order to meet our deadlines and maintain a harmonious and safe jobsite. Their cooperation with the other trades has always been evident and they arrive to site every day with a "can do" approach.

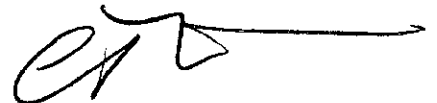

Master Mechanical Services has had sufficient manpower onsite to maintain schedule and a clean work area at all times. They have never failed to address our concerns or to deliver on time without complaining or pointing fingers at the other trades.

I would not hesitate to use Master Mechanical Services on any of our work and would highly recommend their services to anyone in need of a first-rate mechanical contracting company.

If you need further information feel free to contact me.

Sincerely,

Charles Russo Sr
