

Sean,

The phenomenal success of our new Sixth Street offices represents a true collaboration of all of those who contributed to this incredible restoration project.

I would like to personally thank you for your help with the hvac system. John Glidden and I appreciate your generosity as well as your time, energy and enthusiastic support. The restoration of the old Hopkins marine building exceeded our expectations in every way and we could not have done it without you. I hope you will stop by often and help us enjoy our beautiful new space! We look forward to working with you again soon. Best,
G Keith
