To Whom It May Concern:

I am proud to submit this letter of recommendation for American Restoration. Anthony and his crew have been extremely helpful in keeping the buildings repaired, roofs from leaking and many other construction items at Fox Hills at Rockaway and now at Four Seasons.

We use American Restoration Services for repair of our buildings whenever I have had a problem they respond to the request in a timely manner with professional and knowledgeable staff.

I was impressed with the efficiency and quality of work and perhaps more importantly, each staff member brought in a remarkably friendly attitude to the job at hand and paid close attention to details.

Sincerely,

Jack Quinn, CMCA, AMS
