

To Whom It May Concern:

RE: Customer Reference - Precision Wallcovering & Painting

Precision Wallcovering & Painting is our "go to" painting contractor and has been for the past several years. They provide us with top-notch quality, service and rates for both multi-story exterior & interior painting, and for wallcovering. Across the board, we are always pleased with their work. Accordingly, I have no hesitation in recommending them as a contractor with which to do business.

As far as professionalism, knowledge and skills are concerned, Precision is one of the best companies that we have ever dealt with.

Precision is also one of the best companies that we've ever dealt with from a change-order and work scheduling perspective. Their production people maintain close communication with us throughout each of our projects and they always keep us apprised of scheduling. Thus, scheduling jobs at multiple locations has never been a problem.

Based on our experience, any business should be very pleased to have Precision on their team responsible for paint and/or wallcovering projects.
