Re: Maitland Police Station Project – Appreciation Letter

Dear Larry Belair,

I would like to take the time to express to you my appreciation to Belair Wall Systems, Inc. for the first-rate work in completing the stucco work at the Maitland Police Station Project and providing a stucco product that the Architect and Owner are exceptionally pleased with. Specifically, I was most impressed with your firm's dedication, knowledge, professionalism, and willingness to work through issues and obstacles for the good of the entire project. It was a pleasure working with Belair Wall Systems, Inc. on this project and I look forward to completing other successful projects with your firm in the future.

Sincerely,

WHARTON-SMITH, INC.
