

SRP Enterprises has completed numerous projects in San Diego, Orange County, Los Angeles, Imperial County and Palm Springs during its 20 year history. We have received several letters of reference and testimonials as to the quality and efficiency of our work, including the following:

*"As the Facility Engineer for the QCT Division of Qualcomm Inc. I must rely on SRP Enterprises to perform ultra professional in our clean room and lab environments; they have never dissappointed. I can rely on Sam Padilla [owner of SRP Enterprises] to respond on short notice, work in limited time frames and leave no trail behind. His work ethics and experience show and I value our work relationship."*

Robert Osburn  
Facility Engineer / Qualcomm, Inc.

*"I have been in the general contracting business since 1992. I met Sam Padilla of SRP that year. He has always over achieved on every project he has done for me. He is extremely knowledgeable about all aspects of his trade. His every move from bidding, pre-construction and construction are well thought out and executed very professionally. SRP will continue to be my go to with everything to do with finishes from Acoustic ceilings to corner guards - they do it all."*

*"M.P. Builders Inc, contracted with S.R.P. Enterprises on the recently completed project of Tilted Kilt Pub and Eatery in Mission Valley, GA. The work that was provided to my company, far superceded my expectations. I would highly recommend this company to be hired by any other contractor."*

Mike Pampanin  
Owner  
MP Builders, Inc.

*"SRP Enterprises has been an excellent client of our company for over 7 years and we would highly recommend doing business with them. They have demonstrated the ability to complete projects that are complicated and time sensitive ahead of schedule. This has proven to set themselves apart from other contractors. If you have any further questions, please contact our office."*

Robert C. Samuel  
President
