Letter of Reference Concerning Sunshine State Air Conditioning.

To Whom It May Concern;

It has been my privilege to work with Mauricio Correa of Sunshine State Air Conditioning in the past on many commercial cooling and refrigeration projects. I have repeatedly contracted with Mr. Correa's company as primary general contractor, mainly due to his reliability and honesty in installing complex systems from cooling towers down to simple 10-ton units. In each case Sunshine State's pricing as well as their follow through in seeing the project complete has been extremely commendable.

It is my pleasure to recommend Sunshine State Air Conditioning as a qualified company for your project. Please call me should you have any questions regarding this letter.

Sincerely,
