

Re: Sunshine State Air Conditioning, Inc.

To Whom It May Concern:

I write this letter of recommendation for Sunshine State Air Conditioning, Inc.

We have worked with Sunshine State Air Conditioning, Inc. on several projects for the past three years. Most recently we completed St. Stephens Episcopal Day School in Coconut Grove, Florida. This project was a LEED Gold Certified Project. Sunshine State installed and extremely modern, high efficiency Dunham-Busch Air cooled chiller with ice tank package.

We have found Sunshine State to be an extremely competent full service mechanical contractor that works with the highest professionalism. They are always thorough and extremely well organized. They always provide a quality service and product on-time with no exceptions. Their knowledge, understanding and implementation of multiple scopes has been an asset we truly value.

I would highly recommended Sunshine State Air Conditioning, Inc. to anyone requiring an experienced, proficient, respectful mechanical contractor for any type or degree of project. I am absolutely certain they will out perform any and all expectations.

Please feel free to contact myself or anyone at New Beach Construction Partners with any questions or concerns regarding Sunshine State Air Conditioning, Inc. performance and or competence.

Respectfully,
