Re: Letter of Recommendation

To Whom It May Concern,

I would like to take this opportunity to commend Mr. Mauricio Correa and the entire organization of Sunshine State Air Conditioning, for the HVAC work that they have done on various projects that we've contracted with the City of Miami Springs, City of Homestead, and Miami Beach. We are continuously pleased with their performance and ability to complete the job in a timely manner. In addition, they continue to provide high quality work at affordable prices, proving to be a value to our business.

We look forward to continuing our working relationship with them and would highly recommend them for any job.

Sincerely,

A handwritten signature in black ink, appearing to read "Fernando Yepes", written over a horizontal line.

Fernando Yepes
Project Manager
