Omar Electric  
PO Box 506  
Franklin Park, IL 60131

Dear Dan,

Omar Electric has been our electrical contractor for over 10 years. They have always been very responsive to our needs and professional in their service to our company.

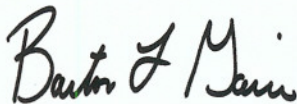

They have worked on many projects including:

- Rewiring our warehouse for energy efficient lighting
- Wiring all the fire alarms, exit signs, emergency lighting & overhead paging
- Wiring circuits for our manufacturing equipment needs
- Wiring & installing ceiling fans in the warehouse
- Pulling & installing high speed internet cable for needs throughout the building
- Electrical wiring for remodeled office areas

We have listed only a few of the projects they have completed for us over the years. If we have any electrical installation or consulting needs, they are the company we use.

You will never go wrong with their service and professional installation techniques.

Sincerely,

A handwritten signature in black ink that reads "Barton L. Garvin". The signature is written in a cursive, flowing style.

Barton L. Garvin
