Re: Letter of Recommendation

To Whom it May Concern:

I'm writing this letter to recommend Blackland Electric. We have worked with Blackland Electric over the years, most recently on the largest project in our divisions history. Blackland Electric was a major contractor on this project. This latest project consisted of fully demolishing the entire 62,000 SF space and building it back new. There were many challenges on this project most notably the limited time we had to complete the work and the massive amount of design changes and added scope that was added to their work load. Throughout the entire project Blackland Electric was able to meet our schedule demands and time frames. In addition, their pricing throughout the project was extremely reasonable and competitive. If you have the opportunity to work with Blackland Electric I would not hesitate to feed them as much work as you possibly can.

Feel free to contact me with any questions.

Best Regards,

Scott Osness
Division Manager
