Peterson Roofing, Inc.

Mr Joe Peterson,

My hat is off to your work crew. Eddie and his team did an outstanding job. The complete installation was much more than I expected. I observed a good portion of their work. Frankly, I was impressed. They payed attention to detail and are very good at their craft. No radio playing, no game playing, they simply knew their responsibilities and went about their business.

Thanks

A handwritten signature in cursive script that reads "Jim Figiel". The signature is written in black ink and is positioned below the typed name "James L. Figiel".
