Dear Mr. Peterson,

My wife and I are very thankful to you and your crew for completely redoing our roof. It had been neglected for decades and was leaking in several spots.

Your Technician, Mike Chrouser, came promptly and gave us an accurate estimate for the repairs. Within two weeks your crew arrived and spent several long hard hours removing and rebuilding our roof. They left our property very clean and should be commended for their teamwork. The results are beautiful.

Again thanks for the good job

Sincerely

Doug and Sally Wallace
