James W. Peterson,

I have to take the time to send you a word of thanks on a job well done, from the estimate through the final clean up. The suggestion for the color was very appropriate for our house. The new roof and gutters gives our house an extra curb appeal that it didn't have before. The years had taken their toll.

The crew, let by 'Radic', was very professional and courteous in all ways, from the way that they greeted us to the way that they answered our questions. As installers, they were top notch. Plantings, windows and doors were covered to prevent any damage. The work was done carefully and neatly. The cleanup was just incredible. They didn't make a mess in the first place but what little needed clean up was done very well. We found only one nail that was hidden from view and they wouldn't have been looking there anyway.

This is our second experience with Peterson roofing, 2-3 years ago we contracted you to do a roof repair at my father-in-law's house in Chicago. Just like the first time, we are completely satisfied with the product installed, the work or the tear off, the work of the reproofing, and the price. The best that we can say is that if we needed to, we would call on you again. If someone asked us who did the work, we would say Peterson Roofing and we could strongly recommend Peterson Roofing to them.

Again, our thanks to everyone on your staff who worked with us through our project. Please feel free to us as a positive reference, in any way that works for you.

Sincerely,
