620 Chase Rd
N. Dartmouth, MA 02747*

Dear Friends;

*On behalf of our Board of Directors and Wish Families we **Thank You** for supporting **Laughter & Wishes V Comedy Night on March 31st**. This event was a huge success raising **Eleven Thousand Nine Hundred Nine Dollars (\$11,909.00)** in support of our Wish Program. Our mission of granting the fondest wishes of medically qualified children has been realized through you, and the generosity of others like you. Since 1982, over 1,300 local children have received the "wish" of a lifetime. Our most requested wish is a trip to Disney World which includes the child's immediate family. Children giggle with excitement as they share their story of flying for the first time and meeting Mickey Mouse. It is a once in a lifetime chance to ask and receive their most desired wish creating a memory that will last forever.*

A Wish Come True, Inc.® is the oldest wish granting organization in Rhode Island and southeastern Massachusetts. We are a local organization, not affiliated with any national foundation. All funds raised here, stay here- perhaps to help families and children you know in your own community! We realize you have a choice of where to donate your hard earned dollars and appreciate you choosing our organization.

*We would not be able to continue year after year without the cooperation, generosity and thoughtfulness of individuals who continue to make sacrifices so dreams are realized. Each wish is as special as the child we grant to. At A Wish Come True we believe in the extraordinary power of having a wish granted and know in our hearts when medicine and magic work together, miracles **can** happen.*

For further information on our organization, please call or visit our website. We appreciate your help to continue our mission in making a difference in the life of a child.

Best Wishes,

Lee Wright

General Manager

Thank you!
